25X1A9a

2. In connection with the JOT SIC training, he asked if [REDACTED] [REDACTED] playing an active part in this training and was advised that [REDACTED] introduced the course and has been supervising it since its beginning.

3. He also commented on the Consultants having provided only six JOT's. It might be well to clarify the Consultants' contribution in the next weekly report. It may be possible to do this in view of the somewhat lengthy consultations and conferences being conducted during their visit this week.

25X1A9a

4. Mr. [REDACTED] stated that in view of the relatively small numbers of dependents who attend the Saturday Americans Abroad meeting, it might be advisable for the Director of Training to once again call this matter to the attention of [REDACTED] informing him that it may not be economical to continue these meetings.

5. No further comments on matters in connection with the weekly reports No. 41.

25X1A9a

6. [REDACTED] stated that Colonel White, after reading the monthly report, usually sends it forward to General Cabell. He felt that it was unnecessary to forward this one since all matters contained therein had been fully discussed or brought to the General's attention.

25X1C14c Colonel White made a constructive comment with regard to two items. The first had to do with Training briefing afforded the President of [REDACTED] Colonel White said it might be valuable to the DD/S to know how arrangements were made for this briefing. I informed him that the Division first clears matters of this nature and level with the DD/P, who is expected to approve or forward the matter to the Director. It is assumed that this has already been accomplished prior to asking the Office of Training to furnish the training. [REDACTED] nevertheless stated that in all such cases of this level, Colonel White would prefer to have details of initial arrangements recited in the monthly report.

25X1A9a

The second item referred to reimbursement for military personnel assigned. Colonel White said that while he understood the desire of the Office of Training to emphasize additional funds requirements, this is a personnel matter which is Agency-wide and need not have been reported in the monthly report.
